WARNING TO PUBLIC

Pigeons and doves were recently released by county officials at the County Fair Grounds and at Waialeale and the public is warned not to shoot such birds and to be cautious of shooting any birds in the vicinity of these places.

CARD OF THANKS

George Cockett and family extend their heartfelt thanks to the friends who showed them many kindnesses in the gifts of flowers and other acts of sympathy on the occasion of their recent bereavement.

Herriek Named Ambassador—Myron T. Herriek, recently a visitor in the Islands, recently has been named ambassador to France, a post he formerly held, in 1914.

SMART CLOTHING

Mrs. R. T. Walsh of the Smart Shop of San Francisco and of the Smart Shop in the Young Hotel, Honolulu, will be at the Grand Hotel, Wailuku, from April 19 to May 3, with a Smart selection of Dresses, Sports Wear and hats.—Adv.

Pertinent Paragraphs

Mata Wharf Entrance—request has been granted the Pioneer Mill Co., to run a track to the Mata wharf entrance.

Permission Granted—Permission to put a conveyor across the road at its junction has been granted to the Hawaiian Fruit Company.

School Building Completed—At Makawao the new two room school building has been completed by contractor Kalkaka and is now in use.

Park at Kihei—For a beach park at Kihei the county is asking the governor to set aside Lot 21 A, of Kaimoio, containing about 56 acres.

Rubbish in Street—District Overseer Bat has notified the board of supervisors that store keepers along Market street are still sweeping dust and rubbish from their stores into the streets.

No Mass Sunday—Father Bruno announced that no mass will be said at Lahaina or Olowalu next Sunday owing to the fact that he will be in Makawao for the celebration of the Feast of St. Joseph.

Victory Dance—High School students will have a victory dance in celebration of the success of the school in the track and field meet. It will be held a week from tomorrow night at the Territorial Building, Kahului.

Opening of a New Store—At lower end tomorrow by Tam Chong is announced. He will carry general merchandise, furniture and Chinese goods. The opening tomorrow he will serve refreshments to his friends and visitors.

Roosevelt Memorial—Descriptions of Lots 14 and 15 Olowalu, Molokai, have been prepared and sent to the governor by the county engineer for the purpose of having the lots set aside for a children's playground and Roosevelt Memorial Park.

High School Building—Good progress on the new High School building is being made by E. C. Meior, the county engineer reports. Most of the rock on the job is on the ground and the outside wall foundation of the northern wing is poured.

For Hana Wharf—For the purpose of returning J. B. Agassiz, contractor for the Hana Wharf, for losses sustained in carrying out the contract, \$29,892.41 will be appropriated by the legislature under the provisions of House bill No. 406.

Accommodations too Small—To accommodate the feeble minded of the Islands an institution many times larger than that opened in Honolulu last Sunday would be required. Maui alone could furnish inmates enough to fill three or four institutions of the size of the new one.

Oil Contract Let—Contract for oil and asphaltum for road purposes is awarded the Standard Oil Company. That company and the Union Oil Company bid the same figure and the other provisions were about equal but the standard is a local concern who plant here and pays taxes on Maui.

Washing Autos in Streets—Complaint has been made to the board of supervisors that some garages in Wailuku wash machines in the public streets and the habit is claimed to be unsanitary and tending to cut up and wear off roads. The subject was referred to the county attorney.

Let Us Forget—Copies of W. K. Hussey's "Let Us Forget" are on sale at Maui Book Store which is disposing of them for him without profit to itself. Hussey was a Hawaiian boy who entered the conflict long before the United States became a belligerent. He was wounded and his booklet is a vivid account of the battlefields as he saw them.

Eastern Star Party—Members of the Eastern Star on Maui are planning to hold a novelty card party in the Territorial Building in the near future. It was intended to hold it on Saturday, April 23, but today the members heard of the Maui High School dance having been set for the same time and place. Further announcements are promised for next week.

Boys in Trouble—Two boys burglars entered the store of Yip Kee near Makulani Hospital last Sunday, effecting entrance through a window which they reached by mounting a barrel. They secured \$30 and escaped but were later detected and arrested when spending their loot. The boys have made restitution and the store keeper gives them a chance to reform by working to prosecute.

Handsome Antique Sold—Recently the Honolulu Music Company of which Jack Bergstrom is the Maui representative, sold an interesting and attractive antique, a piano of a type in use many years ago. It is of French make and the case is of burled walnut, a wood seldom seen these days. Two brass candle sticks on the front join with other peculiarities in the charm of the instrument.

Rocks Supply Falls—In reference to the road between Kapihi Gulch and Kilauea, W. A. Baldwin for the Hawaiian Fruit Company has reported to the board of supervisors that when blasting was done in Kapihi gulch for rock for macadamizing purposes it was found the character of the stuff is unsuitable and there will not be sufficient to construct the road. The only alternative, he said, is to build a dirt-and road which should be constructed before the new crops come in.

Dogs Kill Rabbits—George N. Weight has lost several fine New Zealand hares as result of depredation of dogs. Shortly before midnight Monday he was disturbed by noises in the yard and went out to investigate. Two dogs came snarling at him. He went in and secured a gun and fired two shots into the darkness. Two fine large hares, he found had been mangled and killed and a third had disappeared. He complained to the police. Mr. Weight says neighbors have suffered similar depredations from night prowling dogs.

Maui Woman's Club

There will be an open meeting of the historical department of the club at 3 p. m. today, Friday at the Territorial Building. All who were so fortunate as to be present at the last of these open meetings will want to be present at this one, which promises to be a treat.

There are still a few members who have not paid their current dues, and all these are reminded that the election is approaching, when they will wish to vote. Only those whose dues are paid up may do so, however, and the treasurer, Mrs. James Thomson, Kahului, hopes that all dues will come in very soon now, so that none will have to be denied the privilege of voting.

Elsewhere in these columns will be found an amended advertisement of the club dance to be held April 30th. The Outdoor Circle of Lahaina has decided to give again their Black Cat Ballet, as presented recently in Lahaina, as their contribution toward the purchase of a new curtain for the Territorial Building. For this reason it will be necessary to give the dance and entertainment at the Territorial Building, on account of the stage. The admission has also been changed to seventy-five cents rather than fifty cents. This will be well worth the price—a dance and an entertainment which, as one who saw it in Lahaina said, carried him back to San Francisco, where such things could be enjoyed nightly. Here it is a rare treat and those who have not seen it before are fortunate in having the opportunity, while all who have will be more than glad to see it again.

Excellent Progress Made On Wharf Work

Fine progress is being made by E. J. Lord in the construction of Mala wharf, Lahaina, for which he has the contract. Up to yesterday morning 300 piles had been poured and there remained only about 60 more.

Contractor Lord is confident the landing place will be a good one and that steamers will have no difficulty in coming up to the wharf. He also feels that splendid progress is being made on the contract. Practically all materials required are now on hand at or in the vicinity of the construction work.

Olowalu Bridge—For the construction of a new bridge at Olowalu, bids are to be opened by the board of supervisors at the May meeting.

Getting Rid of Shacks—Efforts are being made by the Hilo park commission to prevent erection of further shacks on Kamehameha avenue. They seek to have the Bishop Estate in making leases provide against certain types of buildings and have referred the subject to the board of supervisors.

Lahaina Armory—Painting of Lahaina armory within and without and minor improvements within are promised by the territory. The building is being used a great deal by Lahaina folk and County Engineer Low reports that complaints are frequent of unsanitary conditions, the trouble seeming to be with the shower baths. They are built in a sunken pit which drains into the sea, the drains are continually clogged with sand and water from the sea backs up into the shower pit. While the building is the property of the territory its use by Lahaina for social purposes makes it advisable for the county to put the place in sanitary shape.

Japanese Girls' Home To Open New Building

With appropriate exercises the formal opening of the new building at the Wailuku Japanese Girls' Home will be held on Saturday, May 14. The buildings and grounds will be open to receive visitors from 2 to 6 in the afternoon and from 7:30 to 9 in the evening. The girls of the home will hold a bazaar and sale of things which they have prepared and will render a program at 4 o'clock in the afternoon and at eight in the evening. The ladies of the supervisory committee are arranging a candy booth and tea room.

Final arrangements were completed at the meeting of the committee of the home held in Wailuku last Wednesday morning. The members of this committee are: Miss C. L. Turner, chairman, E. E. Pleasant, secretary, Mrs. H. A. Baldwin, Mrs. H. P. Baldwin, Mrs. D. C. Lindsay, Mrs. S. A. Baldwin and Mrs. T. B. Linton.

Miss Edith Parsons the American worker in the home expects to leave for the coast the latter part of May. The committee voted to grant her a vacation of three months. Miss Parsons has been with the home for the past three years and has given efficient and very valuable service. She will go as far east as Springfield, Mass., and expects to have her mother and sister return with her.

The Japanese Girls Home was started some nine years ago by Mr. and Mrs. Kanda and Miss Turner. It was filled a real need on Maui. There are now three large buildings where between 60 and 65 girls are accommodated. The girls attend the public school and some of the older girls work in families.

WILL CELEBRATE ST. JOSEPH'S FEAST AT MAKAWAO SUNDAY

The annual St. Joseph's Feast will be celebrated this year on Sunday, April 17 at Makawao. High mass will be said at 10 o'clock sharp, followed by the usual fair the profits of which will be for Father Sebastian, the poor Wailuku Father whose church and house burnt down last month and who is looking now for means to build a new one. "Be charitable, come and give a hand" asks Father James of Makawao.

IAO VALLEY ROAD

Work on Iao Valley road will be started this month, County Engineer Low hopes as he informed the board of supervisors at the last meeting. He expects to have the work completed by autumn. He has engaged Mr. Kahookela as an instrument man to assist in survey work for the Alae homestead roads and expects his assistance in the Iao Valley work. Land Commissioner Bailey requested Mr. Low to make the surveys for the Alae Homestead roads. It is expected the salary of the new assistant will come from the loan fund appropriations.

Will Buy Power—Ewa Plantation has decided to electrify its pumps and will purchase power from Hawaiian Electric Company.
